

Welcome to the
KabiCare Patient
Support Program

How We Support You

Start Today

We make it easy to enroll.

You'll learn more about KabiCare Case Managers who are available to answer your questions and help understand the insurance approval process.

Ongoing Support

We provide support, to help you and your loved ones make sense of your available benefits, the disease state, and your medication, as prescribed by your healthcare provider.

Making It Simple

We help you access your medication with financial assistance.

KabiCare: A Resource for Managing Your Treatment

Fresenius Kabi, a global healthcare company, developed KabiCare Patient Support Program, that can help simplify every step of your journey. Whether you need financial assistance, help understanding insurance benefits, or prescription access and delivery, we provide information and support to keep your treatment on course.

Let's take a quick look at how KabiCare can support you:

Easy Enrollment

- **Talk to your doctor:** Your doctor can enroll you in the KabiCare Patient Support Program online or by fax.
- **Pharmacy assistance:** Case Managers coordinate with your insurance provider to get your prescription to the correct specialty pharmacy for a timely dispense.

Case Management Support

- **Committed to helping you:** Your Case Manager can help coordinate delivery to your home and can provide information related to your insurance coverage.
- **The choice is yours:** Opt-in for training or clinical support and note any communication preferences you would like the KabiCare Case Managers to be aware of.

Benefits Investigation

- **Answering your questions:** You will receive a phone call from a Case Manager to review your benefits and discuss other patient support programs you may be eligible to receive.

Nurse Support

- **Dedicated to you and your family:** KabiCare nurses are available to help you make sense of your disease, treatment and medication as prescribed by your healthcare provider.

Nurse support provided by KabiCare is not meant to replace discussions with a healthcare provider regarding a patient's care and treatment.

Financial Assistance

- KabiCare Case Managers can assist in enrolling you into additional assistance programs if you meet the financial and program rules eligibility criteria.

Medicine Shipped to Your Door

- **Making it easy:** If you meet certain eligibility requirements, your Case Manager will coordinate with the specialty pharmacy to secure dispensing of the medication directly to your home.

Learn More About KabiCare Patient Support Program
